MOTHERS, INVALIDS AND THE WELL Colds, Sleeplessness, Anæmia WHITBREAD

This is a simple advice, for which you would pay if you consulted the best English doctors, who recommend to those suffering from poor blood, run-down condition, sleeplessness, etc., the famous Whitbread English Ale or Whitbread Renowned Stout (Malt Extract), made from the finest barley, malt and hops to be obtained, and matured only in the bottles, by Whitbread in England and sent direct to America. Whitbread has a most wonderful effect upon the system, and for mothers, invalids and those in a rundown condition it is invaluable. It has brought comfort to thousands of suffering women. Doctors, clergymen and pro-

to overwork, and to build up the system. Temperate people drink Whitbread Ale because it is not only a delicious beverage, but a tonic and blood giver. A glass of Whitbread Ale or Whitbread Stout at night time and with meals will give that restful sleep.

Whitbread Ale or Stout are different from all other Ales or Stouts, being matured in bottles and contains only natural gaz (not carbonated), and most easily digested—in fact a wonderful tonic for the stomach. Do not accept any substitute for Whitbread, as there are no others like it. A trial from your local desier will convince you of the wenderful effect of Whitbread Ale or Stout.
